DESIGN

Designed to address issues of space in bath environments, old and new, small or large, Broadmoor allows us new ways to think about utility and storage. The clean aesthetic provides a compatible partner to fittings and fixtures from classic to modern.

FEATURES

Brass and steel materials are used for trim and component parts.

Manufacturing process includes casting, turning, forging, soldering, hand-fitting and polishing.

The hardware kit ensures security for dry wall, wood blocked, and metal stud installations.

The collection is engineered to meet the necessary standards of both quality and function.

Includes paper holder, towel holders, sink caddy, hotel rack, swing arm mirror, grooming bar.
