# BATH FURNITURE & FIXTURES

*Functional Sculpture that Builds a  
Stylish Room*

For over three decades, Waterworks has had an enduring commitment to design authenticity and innovation. Genuine materials, expert detailing, exquisite proportion and artisanal craftsmanship come together to create a personalized and luxurious bath environment.

Our tubs, vanities and furniture are the dynamic, three-dimensional forms that deliver elegant silhouettes, detail and meaning to the space. They are the functional sculpture that build a stylish room and transform it into a truly personal retreat.

# VANITIES

*Significant in Stature and Function*

Texture. Proportion. Finish. Dimension.  
The essential elements of fine,  
handcrafted furniture are brought  
to the bath.

Significant in stature and function,  
our vanities offer a variety of single  
and double size styles—each with its  
own unique aesthetic, storage capacity  
and attention to detail. Wood, metal,  
marble and glass bring a range of  
materials for surfaces and bases  
creating looks from classic to modern.

*Unique to the Bath—Both Open  
and Light*

A distinct category and unique to the bath, washstands and pedestals breathe a sense of openness and light into the room. These exciting elements reference a historic form with a multitude of updated aesthetic choices.

# LAVATORY SINKS

## *Essential Elements of Distinctive Style*

An artisan stands over a wooden form and hammers copper into the shape of a shallow bowl. Once perfected, the bowl is plated with nickel or brass. Striking, distinctive and one of a kind —the metal becomes a sink.

This dedication to individual style through select materials, craftsmanship, shapes and sizes is what characterizes our lavatory sinks. Placed in our washstands and vanities, these creations of hammered metal, honed marble and smooth ceramics are essential functional elements in the bath.

# BATHTUBS

*Objects of Desire for the Home's Most Intimate Setting*

In composing a space for private retreat, a sanctuary, the centerpiece should be a masterpiece. Our tubs—in all their shapes, sizes and materials—invite one to be pampered, to be immersed in the elegance of architectural integrity, impeccable detail and perfect proportion.

From freestanding French boat top designs to classic inset styles, our tubs are traditionally crafted from cast iron, copper and composite. Inspired designs become the objects of desire for the home's most intimate setting.
