Suggested Application: Bath

INSPIRATION

Rooted in the industrial forms of the 1920's through 1940's, Olympia combines the straightforward functionality of the machine age, without the cold, hard edge. Olympia is proof that beauty and utility can coexist simply without ornamentation.

CODES & STANDARDS

Code # OMSV02: ASME A112.18.1 / CSA B125.1, State of MA

PRODUCT FEATURES

Brass material is used for all trim and valve component parts.

The manufacturing process encompasses casting, turning, forging, hand-fitting and polishing.

Unique details include the smooth, spherical knuckles on the cross handles and gentle curving spouts

An extensive product range of fittings and accessory options for the lavatory, shower and bathtub.

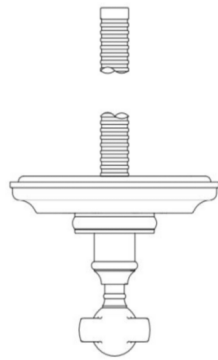

PRODUCT (NOTES)

Valve sold separately.
