DESIGN

Defined elegance. Etoile has a European sophistication with a timeless sense of chic.

FEATURES

Engineered to industrial standards while maintaining an elegance and beauty fit for the most luxurious master suite

Labor intensive construction: cast brass arms, solid brass bars, turned brass finial knobs which have been highly polished then assembled and reinforced with threaded finial knobs

Unique details include the graceful, elongated curves of all pieces in the line.

Recalling the simple sophistication of a French hotel's master suite, the hotel rack provides a handsome alternative to towel bars

The hotel rack is well suited to small spaces allowing for extra storage of towels and baskets above a water closet or bathtub
