DESIGN

Easton is a timeless escape and draws on the deep waters of Edwardian style. Easton is the most extensive family in the Waterworks collection, with a range of moods from traditional to modern, and a selection of products from fittings to furniture.

FEATURES

Brass metal is used for all trim and valve components

The manufacturing process encompasses casting, turning, forging, hand-fitting and hand polishing.

Easton is our most comprehensive fittings family.

Easton has a clean-lined utilitarian profile, with a slightly elongated spout.

Available option that complies with 0.25% Weighted Average Lead Content (WALC).
